

FEEDING THE HUNGRY

Society of St. Vincent de Paul Hunger Centers

SVDP Cleveland believes that no one should have to go hungry

That's why it operates one of the largest networks of hunger centers in Northeast Ohio. SVDP hunger centers are a key player in fighting the war on hunger by providing nourishment for senior citizens, men, women and children who rely on them when there is no place else to turn.

SVDP Cleveland feeds approximately 13,000 men, women and children monthly

Last year alone, nearly 115,000 people received help from SVDP hunger centers, which included staples, fresh produce, personal items and clothing.

SVDP's main hunger centers*
